
CHICAGO OFFERING

EMERGI-LITE

Full range of emergency
lighting solutions

Setting the standard

Combining LED's high performance, reliability, quality and cost efficiency, the products in this brochure are manufactured to meet, and in some cases surpass, the highest standards of the industry.

Up to code

In response to the decision taken by the City of Chicago's Department of Buildings, Electrical Division, to use UL-Approved products for "City of Chicago Environmental Airspaces" (CCEA), Emergi-Lite® has gained this recognition for selected equipment. In addition to meeting City of Chicago's code requirements, all Emergi-Lite® products meet or exceed the requirements of UL 924, NFPA 101, Life Safety Code, NEC and ICC standards.

Rigid control standards

From product design and manufacturing through to final installation, all units are built to exacting standards to meet style, performance, reliability, ease-of-installation and cost requirements.

A tradition of innovation

ABB has been a pioneer in the development and manufacture of reliable, high quality products and solutions for generations. We look forward to continuing this tradition into the future.

Table of contents

ABB is proud to present a complete range of City of Chicago-Approved life safety equipment for commercial and institutional environments, all using LED light sources.

High output MR16 LED

Emergency lighting

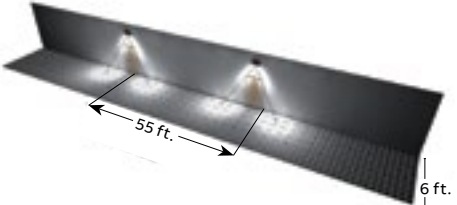

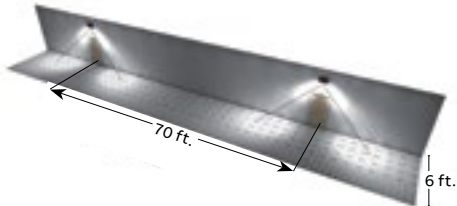

MR16 LED illumination

With the remarkable technology development in the last decade, the lightemitting diode (LED) is becoming the preferred solution in lighting applications. The emergency lighting industry is no exception: today virtually every new product introduced to market includes “white light” light LEDs for emergency illumination. Extremely efficient and long-lasting, LED lamps become the natural alternative to incandescent lamps due to three main advantages:

- **Lamp efficacy:** 50–100 lumens per watt compared to 15–30 lumens per watt of the best halogen lamp. Allowing for smaller batteries and units and/or remote capacity
- **Operational life:** 30,000+ hours, equivalent to a lifetime warranty in emergency lighting.
- **Lower lamp temperature:** 80–120°C (176–248°F) is a huge benefit for lighting in hazardous locations.

MR16 LED lamp benefits

- Reduces total cost of ownership, uses few fixture due to superior illumination, thus reducing installations cost and future maintenance of the entire system.
- UL-recognized components.
- Available for standard battery voltages 6V, 12V and 24V as well as 120V operation.
- Energy-efficient LED MR16 lamp provides equivalent lighting performance to a much higher watt halogen MR16 lamp.
- Reduces required battery capacity by 75%, for battery units and remote heads.
- Small profile, compact white lighting is ideal for architectural applications.
- Typical 30,000 hours of operational life.
- Vibration-resistant LED stands up to industrial environments.
- Ideal for indoor and outdoor use.

Lamp	Description	Photometry
	<p>200-220 Lumen 4W MR16 LED</p> <p>Leading the technology trend, Emergi-Lite® offers a complete series of 4W MR16 LED lamps available for all the standard battery voltages: 6V, 12V, 24V and 120V. With up to 30,000 hours of operational life and a luminous flux of typically 200 to 220 lumens, they are available with most emergency heads designed to hold an MR16 lamp and meet the majority of illumination specifications. For example: one pair of LED emergency heads installed at a height of 7.5ft illuminates a 6ft by 55ft path of egress.</p>	 <p>55-ft. path of egress 2 X 4W MR16 LED Based on an average of 1 foot candle</p>
	<p>340 Lumen 5W MR16 LED</p> <p>Keeping pace with technology, in 2012 we introduced a 12V-5W MR16 LED lamp. With a typical luminous flux of 340 lumens, this lamp has the same lighting performance as a 20W high-output halogen MR16. A twin emergency head installed at a height of 7.5ft illuminates 70ft path of egress.</p>	 <p>70-ft. path of egress 2 X 5W MR16 LED Based on an average of 1 foot candle</p>
	<p>540-590 Lumen 6W MR16 LED</p> <p>A 6W MR16 LED lamp delivers up to 590 lumens for an average spacing in emergency lighting of 106 feet with an efficacy of 98.3 Lm/w, it is over 6 times the efficacy of a MR16 35W halogen with similar light output. This lamp can deliver the highest linear foot of illumination per watt on a path of egress! (spacing in feet / watt) 8.83ft compare to 1.37ft for a MR16 35W.</p>	 <p>106-ft. path of egress 2 X 6W MR16 LED Based on an average of 1 foot candle</p>

Highly efficient LEDs provide many cost-saving benefits

Case study: Fewer MR16 LED units required

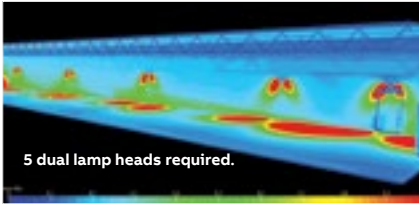

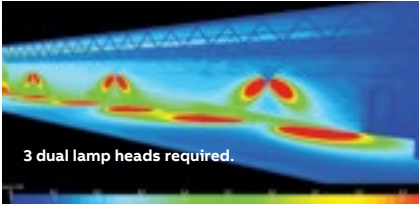

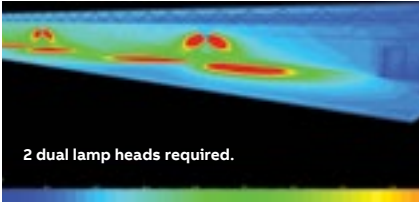

Emergency lighting units with MR16 LED lamps provide the same illumination at floor level using significantly less units.

- Reduced installation costs, less product needed and labor.
- Reduced energy costs, keeping batteries charged at full capacity to be ready to respond to an emergency situation at any time.

- Reduced maintenance and testing cost, less units to maintain and test in the emergency lighting system.
- Reduced lamp replacement cost, LED lamps have a 30,000+ hour lamp life compare to only a few hundred hour typical with incandescent lamps.
- Reduced environmental impact, less product materials, less batteries, less transportation, less packaging, less labor, less waste.

Compare

Where the building code requires an average of 1 foot-candle and a minimum of 0.1 foot-candle at floor level along the path of egress on a 150' x 9' x 9' corridor with an egress door at one end, a 150' x 6' path of egress, and a 7.5' unit mounting height.

City of Chicago Approved Chicago Prestige™ Edge-Lit Series

Premium white LED exit signs

Construction

- Housing: Die-cast aluminum back box, trim ring, trim plate and canopy. Standard finish is brushed aluminum with other finishes available as an option
- Faceplate: Virgin acrylic face plate is thin, silk-screened to provide a flawless legend. Face plates are available with red letters on a white background
- White LED light source, 10-year life expectancy

Mounting

- Modular design allows for surface or recessed mount
- Canopy included for surface wall, end or ceiling mount applications
- Trim ring included for recessed wall or ceiling mount applications.
- Housing provided with conduit knock-out 1/2", top, back and end
- (C) circular or (A) angular trim plate used for surface or recessed wall or ceiling mount applications
- Hanger bars included for lay-in installation in T-bar grid

Special wording panels

- Available. Contact your sales representative with your design requirements

Electronics

- Optional Advanced Diagnostics
- 120-277 60HZ

Approvals

- UL 924 listed
- City of Chicago Approved

Warranty

- Unit has a five-year limited warranty
Detailed warranty terms located online at:
www.emergi-lite.com/usa/files/EL_Warranty.pdf

Dimensions

Dimensions are approximate and subject to change.

Add 1-1/2" to height of unit when ordering panel with arrow

Modular design accommodates surface or recessed mount with included canopy and trim ring.

City of Chicago Approved Chicago Prestige™ Series

Edge-lit recessed,
ceiling-mount only, LED exit sign

In high visibility areas, the Chicago Prestige™ exit sign provides elegant designer details including a clear acrylic panel, recessed ceiling mount design, and brushed aluminum trim plate.

Construction

- Clear acrylic panel provides optimum light transmission. Illumination is 100% in both AC and emergency mode
- Housing: Fully-recessed, 20-gauge galvanized steel back-box; equipped with hanger bars for installation between joists or a suspended ceiling
- Rugged cast brushed aluminum trim plate (optional colors available)
- White LED light source, 10-year life expectancy

Mounting

- Hanger bars included for lay-in installation in T-bar grid
- Housing provided with conduit knock-out 1/2" top, back and end
- Flat trim plate used for recessed ceiling mount
- only applications

City of Chicago Approved Chicago CCE-LED Series Steel LED exit sign

Modular design accommodates surface or recessed mount with included canopy and trim ring.

Construction

- Constructed of 20-gauge steel with an off-white finish and glass panels
- Single or double face
- White LED light source

Mounting

- Canopy supplied for top or end-mount
- Universal knockout pattern on back plate for wall mount

Electronics

- 120-277 60HZ
- 4.8V long-life, maintenance-free nickel-cadmium rechargeable on self-powered model
- 120 minutes run time in emergency mode

Approvals

- UL listed for damp location 68°F to 122°F (20°C to 50°C)
- Meets UL 924, NFPA 101 Life safety code, NEC, OSHA, local and state codes
- City of Chicago Approved

Warranty

- 3-year full warranty
- Detailed warranty terms located online at: www.emergi-lite.com/usa/files/EL_Warranty.pdf

City of Chicago Approved Chicago CCC-2LED Series Steel LED combination sign

Self-contained unit combines a steel exit sign with two adjustable LED heads.
Optional 10W remote capacity.

Construction

- Each unit comes with two adjustable 6V-5W LED heads
- Each unit provides 280 lumens
- Constructed of 20-gauge steel with an off-white finish and glass panels
- Optional 10W remote capacity available on the CCC-2LED-RC model
- Single or double face
- White LED light source

Mounting

- Canopy supplied for top or end-mount
- Universal knockout pattern on back plate for wall mount

Electronics

- 6V sealed lead-calcium, maintenance-free rechargeable battery
- 120-277 60HZ
- 120 minute run time in emergency mode

Approvals

- UL listed for damp location 68°F to 122°F (20°C to 50°C)
- Meets UL 924, NFPA 101 Life safety code, NEC, OSHA, local and state codes
- City of Chicago Approved

Warranty

City of Chicago Approved Chicago CCB-2LED Series Steel LED battery unit

Self-contained unit combines a steel exit sign with two adjustable LED heads.
Optional 10W remote capacity.

Construction

- Constructed of 20-gauge steel with an off-white finish
- Optional 10W remote capacity available on the CCB-2LEDRC model
- Each unit comes with two adjustable 6V 5W LED heads
- Each unit provides 280 lumens

Mounting

- Knockouts on the back of unit for wall mount
- Side and top knockouts for conduit

Electronics

- 6V sealed lead-calcium, maintenance-free, rechargeable battery
- 120-277 60HZ
- 120 minute run time in emergency mode

Approvals

- UL listed for damp location 68°F to 122°F (20°C to 50°C)
- Meets UL 924, NFPA 101 Life safety code, NEC, OSHA, local and state codes

- Fused output circuit
- Optional Advanced Diagnostics
- Optional Nexus® monitoring system
- 120/277 60Hz

Choice of sealed maintenance-free battery

- 6V, 12 or 24V lead-calcium battery
- 6V, 12 or 24V nickel-cadmium battery

Approvals

- UL 924 listed
- Meets City of Chicago requirement

Warranty

- Unit has a five-year limited warranty
- Detailed warranty terms located online at:
www.emergi-lite.com/usa/files/EL_Warranty.pdf

City of Chicago Approved EF12D-LED Series

Thermoplastic outdoor remote emergency lighting

Versatile multi-volt unit (3.6, 6 or 12V), 3W total includes fully adjustable LED heads.

Features

- Multi-volt 3.6, 6 or 12V, 3W in total
- Thermoplastic housing and aluminum canopy with fully adjustable LED heads
- Available only in gray 2-heads configuration
- Suitable for outdoor, wet location applications
- Wall or ceiling mount
- -4°F to 122°F (-20°C to 50°C)
- UL 924 Listed
- Meets City of Chicago requirement

Warranty (subject to proper installation and maintenance)

- Unit has a three-year warranty
- Detailed warranty terms located online at:
www.emergi-lite.com/usa/files/EL_Warranty.pdf

City of Chicago Approved Distinction™ EF150, EF150D & EF150T Series

Surface mounted designer light fixtures

Designer surface-mounted remote light fixtures meet a range of photometric requirements with MR16 LEDs in single, double or triple lamp head configurations.

Description

- Indoor use
- Available as a single, double or triple MR16 LED size lighting head
- Die-cast aluminum construction

Finish

- Powder-coated off-white or black

Mounting

- Surface mount
- Universal J-box mounting

Approval

- UL 924 listed
- Meets City of Chicago requirement

Warranty

- Unit has a three-year limited warranty
- Detailed warranty terms located online at:
www.emergi-lite.com/usa/files/EL_Warranty.pdf
