

EMERGI-LITE

**6 and 12 Volts
Decorative
Battery Units**

JA Series

**High performance path of egress illumination,
contemporary design and energy efficiency**

The **Emergi-lite JA Series** of decorative battery units combine a contemporary design, energy efficiency and state-of-the-art path of egress illumination. Designed to meet the needs of interior design professionals while providing an impressive performance, the **JA Series** can illuminate up to 70 feet, center-to-center.

Standard Features

- Rugged steel cabinet with corrosion-resistant undercoating
- Standard finish is factory white; black is also available
- Removable front panel on cabinet provides easy access and allows unit to be mounted at ceiling height
- High performance, energy efficient MR16 halogen lamps in the power range of: 6 to 20Watts
- Illumination of 70 feet center-to-center using 20W high-lumen output MR16 lamps
- Solid-state pulse-type charger – current-limited, temperature-compensated, short-circuit proof and reverse-polarity protected
- Unit comes standard with electronic lockout
- Sealed dust-proof transfer relay, test switch and LED indicator lights
- Choice of sealed Lead-Calcium or Nickel-Cadmium batteries
- Dual input voltage 120/277Vac 0.25/012 Amp.
- Listed UL924
